- Schneider Electric -Gold

Cool stuff

Upcoming – Build Systems MC at Linux plumbers

- **Dec 11-13**
  - https://lpc.events/event/19/contributions/2007/
  - Not just Yocto/OpenEmbedded, but everybody who cares about Software in general and Linux distributions specifically.
  - Share knowledge across build systems

Upcoming – Yocto Project Developer Day

- **August 28, Here in Amsterdam**
  - https://pretalx.com/ypdd-amsterdam-2025/schedule/
  - A few seats still available!

Upcoming – Yocto Project Summit 2025.12

- **Please join us for the next virtual Yocto Project Summit!**
  - One day of Beginning Class and Hands-On classes
  - Two days of live, interactive, virtual, presentations
  - After hours social get-togethers
  - Interact with the teachers, presenters, and experts
  - First week in December

OpenEmbedded

- You ~~can~~ should join - mail board@openembedded.org

https://www.openembedded.org/wiki/Organization#Membership

- A workshop is planned around FOSDEM again (4rd, yay!)
- Board and TSC elections in September
- Videos from last workshop are live!!!!
  - https://youtube.com/playlist?list=PL8IUnCBo9SB0O16ybGKlVD-QhjK5UadRP&si=CBZfxGdZO8LNM7Gj

Yocto 5.0 “scarthgap” is the current LTS

- maintained until 2028

You already know it

Yocto 5.2 “Winlatter” is coming up

- CLANG/LLVM in core!!!! (finally)
- More UNPACKDIR updates !!!!! (again????)
