

## kernelci.org + ACME = PowerCI (BayLibre)

### Power Measurement During Continuous Integration

#### What is demonstrated

ACME connected to kernelci.org infrastructure and LAVA integrated into powerci.org

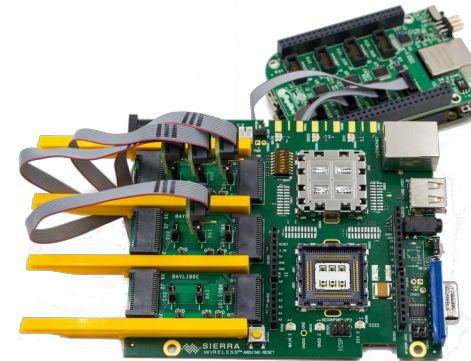

#### What was improved

##### Ultimate solution for power regression

Web-based test reporting suite, powered by ACME  
Tune power continuously during development  
Tightly integrated with LAVA CI loop

##### Complete Open HW and SW Solution

Yocto-based Linux distribution  
Dedicated probe for mangOH IoT platform

#### Hardware Information

BeagleBone Black  
ACME  
mangOH™ board
