Intro, History

- Me: Bill Traynor, Editor and Admin, nick: wmat
- What is it?
    - A shared Embedded Linux wiki primarily for developers. Vendor agnostic.
    - Being used by others such as educators to share their efforts.
        - Rose Hulman Institute of Technology, ECE497 - 32bit Embedded Linux
- Was originally seeded by merging the CELF Public Wiki and the original elinux.org wiki.
